Kanstul besson international trumpet. Kanstul besson trumpet serial numbers. Kanstul trumpet serial numbers. Kanstul serial numbers.

I have no idea who is doing them or where. Another source of information on Besson is the Werden Serial Number List Besson Trumpe. The Bessons are still very sought after and those made after the war are still very good horns. A: Kanstul Tools are used by many high -profile artists, such as Wallace Roney, Herb Alpert, Doc Severinsen, Arturo Sandoval, Greg Adams, Marcus Belgrave, Richard Carson Steuart, Claudio Roditi, Tim Wendt, Bennie Cowan, Chuck Mackinnon, Phil Driscollt , Walt Johnson, Dontae Winslow, George Roberts, Mike Suter Davis often can also go to the manufacturer's website to help identify where to find the number. Other information on issues if you notice any discrepancies, or you have more information on this company, please contact us here in Horn-U-Copia. If you are interested in a photo of a year of 1935 B-Flat briefly made by the Paris company, check the image and comment on the link below (it is the second tool on the page). Year of construction London 1986 744000 Last official number? 1993 820xxx Parts were sent to Courtois for the 1994 Assemblage of Basso Ottone transferred to B&S, Courtois for croissants and high horns. After a short spell using Schreiber parts, all the Bessons were completely homemade at 2 structures and continue to. Another post on a brass forum mentioned the purchase of a pounding besson (kanstul) for about \$ 500.? I was very satisfied with the horn. The most modern models can contain an additional or more letter in the series number. If no serial number can be found if you still can't find a serial number on your plan everything is not lost. The production moved to France factory in Amboise) and Germany (B&S factory in Markneukirchen). . 1000 series instruments made in India, otherwise all were made in B&S. If you have owned your piano for a long time the only thing that cannot be measured in the value of your piano is sentimental value. Besson tooling and the name ended in the hands of Boosey & Hawkes who contracted Zig Kanstul to make F. A final note. 2012 06300012 (December) B&S was purchased from and now is part of the Buffet Group Since 2006, the first two figures are the year of production. Our exceptional instruments can be heard in Disneyland, Medieval Times, and in the capital of our nation, including the best military service bands and ensemble: the Naval Academy Drum & Bugle Corps, the Marines "Commandant's Own" Drum & Bugle Corps, the Third Infantry "Old Guard" Fife and Drum Corps, the US Air Force Concert Band, The US Army Band "Pershing's Own School of United States Navy" Kanstul? Le F. The horns are absolutely top-of-the-line, I like my best of the new Kanstuls . You should be able to identify what is the serial number because it will usually have four numbers. The word "bravete"? There has been a recent list on eBay for a horn that closely matches the description you date of your instrument. I own a Flugel Meha, serial 1630, which according to Kanstul was built in '92-'94. [posted 2006]. 549454&s=690001753ce6eb37881dfe3b2259470 As for the price, using the Google cache function, I was able to find a list for the sale of a ? State of the Kanstul mint built Besson Brevette ML bore.? You can probably find more information / details on such forums by doingSearch for Google with the il Besson? Sold for \$466 on May 9, 2006. Besson Brevette (.415" bore) and Meha (.460" bore) flugels were built by Kanstul for Boosey and Hawkes approximately during the [19]80 and 90's, along with a range of F. The original tool, including the original bell brand (which said Made in France) were used even though the horns were made in California in the shadow of Disneyland. And for the price, was it a good deal?? I don't think Kanstul makes them any more, and society just changed their hands? Most of the comments I read published by family musicians or actually playing a similar instrument were very positive. Often, the number will be stamped on a plate in there. How to Say which Number Serial NumberSome plans will have different numbers. 2003 B&H sells to The Music Group 2005 (December) Buffet Crampon acquires Besson. Age is useful to determine the value of a piano if you want to sell it or just to know the value for your personal curiosity. No matter the brand or size of the plan, a serial number has been assigned. These were very good horns, sold at reasonable prices, and a lot of people are very happy to play them." Another poster on a forum on www.trumpetherald.com has published similar information about: dating. Bessons trumpets, classic models (Meha and Brevette) for a period from the early 1980s (perhaps at the end of the 1970s?) until maybe 2000, when the contract ended?. B & H has since been reorganized as The Music Group and is still apparently marketing and sales F. Besson has been out of business sometimes in the early 60s after dominating orchestra trumpet play for 30 or 40 years. Some companies or models may have the number in different places, but each should have identified the figures assigned to it during the construction that will tell its individual history. Because the plans have a serial number based on the brand and its serial number, you can determine the age of the plan. They are also selling Besson made in England and, I understand, Pakistan. They couldn't be more precise. Exactly.
